Hello,

Greetings from Kaizenat.

A Lot is happening in the simulation industry and how well-informed are you about the latest simulation trends?

Curious? This webinar is for you and it is FREEEE !!

This session is focused on ANSYS Discovery simulation capabilities, instant simulation results with explore mode, and rapid setup procedure to deliver high fidelity outcomes.

ANSYS Discovery is the first simulation-driven design tool to combine instant physics simulation, proven ANSYS high-fidelity simulation, and interactive geometry modeling in a single user experience.

When: 15th Sep Wednesday 3:00 PM

What: Latest Simulation Trends using ANSYS Discovery

Presenter: Dheeraj Singh, Technical Manager

Topics Covered:-

- Features of ANSYS Discovery
- Simulation process
- Demonstration of ANSYS Discovery Product
- Tips & Tricks
- Q & A!
